

Lee Shippey Writes On The Reds

REPORTS FROM BERLIN last week said East German radios were blaring songs about German-Russian brotherhood and friendship—but there were Russ-controlled troops in East Germany, just in case a few scattered East Germans weren't completely friendly.

That took my memory back to 1918, when I was the only correspondent accompanying the American hospital trains which transferred all American prisoners of war from Rastatt prison camp in Germany to Vichy, France. Ever since then I have doubted all reports that Germans and Russians, generally speaking, could cease to hate one another for many generations.

That mission was officially secret, because the American hospital trains had to pass through Switzerland which was guarding its neutrality most fervently, even though the war had ended a month before.

HOWEVER, an operation involving half a dozen hospital trains, each with bunks for several hundred men, had to carry a lot of supplies the released prisoners would need or want, and the YMCA was asked to stock them with chocolate, cigarettes, cookies and a lot of things like that, and a man in charge of such preparations let me in on the secret.

Capt. McFaul, in command of Hospital Train No. 55, obligingly failed to notice I was not one of his men—I was wearing an enlisted man's blouse—so I spent several days on the train, distributing such treats and interviewing about 800 ex-prisoners.

THEY ASSURED ME they had been well treated. American food packages, brought in by the Red Cross and the Y, had come in regularly. So had equipment for games, study courses, musical instruments and entertainment. Their good band, organized in prison, was on the train on its first trip to Vichy.

They had had a baseball league, a basketball league, chess and checker tournaments and a lot of home talent shows.

And out of 2,500 prisoners, many wounded were captured, only 7 had died. They had snapshots of their cemetery.

"But the Russians had the compound next to ours," they said, "and 40,000 German prisoners died. They had to dig graves day and night. We'd see the guards drive in with a big barrel of thin soup. A cup of that and a slice of bread, half sawdust, was all they got."

"When the barrel was empty they'd lay it on its side and crawl into it to lick the inside."

"We Yanks rarely ate our prison rations, our food packages were so much better. We'd sail our prison bread over the barbed wire into the Russian compound, and if it fell short they'd risk getting shot to reach for it. Gosh, how the Russians and Germans hate each other."

I REMEMBERED that 20 years later when Hitler thought he could make an ally of Russia and I am sure that now a really free election in East Germany would prove that no matter what the radios blare the hatred between Germans and Russians is deep and enduring, cemented into their natures by the ravages of World War II.

And the East Germans must hate most of all, because of the oppressions since that war.

I HAVE JUST HEARD that Aug. 24 will be the 93rd birthday anniversary for C. W. Jones, Sierra Madre's first mayor, and for many years now its first citizen. It is too late for me to say more, but we are among the thousands who will always think of C. W. Jones as

turn to page five

Councilman Rule Submits His Civil Defense Program For Sierra Madre . . .

PRIVATE SHELTERS, NEW CITY HALL SCHOOLS SUB-BASEMENTS ARE URGED

The SIERRA MADRE NEWS believes that survival of the 10,000 Sierra Madreans and the equal number of inhabitants in Hastings Ranch, the Oaks-Highland area and Rosemead-Foothill region in case of nuclear-bomb and missile-attack, is of primary, possibly embryonic importance.

Conceivably, survival of the people of this district might possibly prove the germ for continuance of the American Way of Life if the rest of the country, its people and their apparatus of living were wiped out.

For this reason, the NEWS believes the report of Councilman Ralph R. Rule, submitted to City Council Tuesday night, is of primary and functional import. Councilman Rule was named to make a study and to report or

CRYSTALIZED. Councilman Rule, who is to be commended by his fellow citizens for the thoroughness of his report, makes the following vital points:

1—There is no substitute for construction of private bomb shelters, especially in smaller cities like Sierra Madre. Larger cities, better heeled financially, can afford public shelters.

2—County and city should see to it that tax relief is afforded those constructing private shelters.

3—Fallout shelters should be constructed at both Sierra Madre and Sierra Mesa Public Schools. Parochial the status of the present Civil Defense Program, to update it and to make recommendations for survival in case an enemy attack plagues this region.

case of attack.

5—Physical operation of the present Civil Defense Ordinance should be brought up to date, this including redesignation of its operative methods and personnel.

6—Replacement of city officials should be provided for in depth, six or seven successors for the mayor and two or three for other city officials. This is a protective measure.

and private schools also should see to it that shelters are constructed on their properties.

4—A new City Hall should be erected and beneath this a bomb shelter for at least 100 persons, this to include the entire city operating body, so that the city government may go right on functioning in

7—Communications and such should be directed by the police chief.

* * *

BECAUSE Councilman Rule's report is of such vital importance, this newspaper today prints most of it in detail as follows:

"My recommendations are contained in the following six-point program:

1—Retain a portion of the present Civil Defense and Disaster Plan of October, 1957. This plan sets forth in detail the responsible parties provided for in the Ordinance in the City Code. The balance of the plan should be rewritten.

2—Reconstitute the Disaster Board to provide three main categories, each with its own chairman, and clearly defined duties, responsible only to the Director of Civil Defense, or his appointed assistant. These three categories or sections are:

A.—General Community Planning and Education.

B.—Operations of Vital and Essential Services Divisions of the City government and other Departments under city management and control.

C.—Coordination of services of local Civil Defense with those of other governmental agencies now operating in the field.

3—An immediate consideration of the building of a new City Hall, with a dual purpose basement, to be used for city needs at present but which could be immediately turned into a shelter in case of an extreme emergency.

4—Instruct the city administrator to investigate any and all sources of monies available to us on any basis for construction of any type of shelter, including the basement of the new City Hall.

5—The City Council should go on record with the State Department of Education, County School Board, and Pasadena School Board and strongly urge the building of adequate fallout shelters at both Sierra Madre and Sierra Mesa Schools. In an extreme emergency these fallout shelters should be made available to the citizens of Sierra Madre during the time the schools are closed. Private and parochial schools should also be urged to provide adequate shelters for school children.

6—The City Council should adopt a resolution to be sent to all city, county, State and Federal agencies urging tax exemption be given on property on which fallout shelters are built. The City Council should also go on record as favoring a policy of not assessing any improvement on any property which could be used as a fallout shelter.

Since the above six sections are necessarily only a brief statement, I have detailed each section and my own thinking as to how these might function and why, in my opinion, such action is needed.

1—REVISION OF 1957 DISASTER PLAN

The present disaster plan was adopted in October, 1957. No particular emergency existed at the time and evacuation of a city was a popular concept of how to deal with an atomic bombing. Meantime, in 1959, the City Code of Sierra Madre was rewritten and it is my feeling the Civil Defense and Disaster Plan should be rewritten at this time. Revision of this plan should be delegated to the city administrator, with instructions to thoroughly screen all material and provisions in the plan to see that no conflict exists with any Federal, State or county laws, acts, ordinances, policies or programs.

2—RECONSTRUCTION OF DISASTER BOARD

Since the once popular concept of evacuation has been all but discarded by Civil Defense experts, more emphasis must be given to the needs of the citizens who will be in Sierra Madre at the time of an extreme emergency. It is an educated guess that any type of enemy action will probably take place at night, when the tendency to panic is the greatest. It is coincidental that most of the citizens of Sierra Madre would be at home at this time. Therefore, it is my opinion that we need the following sections in our Civil Defense Council.

A—General Community Planning and Education

This should be at least a seven (7) member board responsible to the Director of Civil Defense or his assistant, the chairman to be elected by members of the board. This body should hold meetings with the citizens of Sierra Madre to determine the scope of our Civil Defense program; they should make surveys, in conjunction with the city engineer or his assistant, to determine what, if any, fallout shelters are available to the citizens of Sierra Madre; they should embark on a program of education to bring about an understanding by the people of Sierra Madre that fallout shelters are needed by everyone, and that we might need them tomorrow. Other duties might include a study (and report to the director) as to which shelters, public or private, are most desirable in Sierra Madre.

It should be noted here that large cities, such as Los Angeles, will of necessity favor public shelters. Reasons behind this are that many buildings that are adequate fallout shelters already exist, and that public shelters will undoubtedly receive more Federal and State support than private shelters. However, one must look beyond these reasons and realize that the task of educating the citizens in a city of 3,000,000 and getting them to accept the concept of private fallout shelters would, in itself, be a monumental undertaking, if not actually an almost physical impossibility. Therefore, the larger cities will have to do the planning for their citizens, and I will agree that public shelters, at this time at least, offer the best solution to their problem.

Conversely, small cities, with little or no ready-built or already existing buildings to be used for fallout shelters, will again of necessity, be forced to try the program of private shelters.

Sierra Madre is a prime example of this type of city, not only from the standpoint of a lack of existing fallout shelters, but also because of our financial condition. Since we are on a 'pay-as-you-go' basis, with small cash reserves, we would have to have 100 per cent Federal or State funds to build public shelters. Even at best, we could only expect matching funds, which would make the

Hastings Ranch Thelf . . .

\$15,000 In Narcotics Stolen By Burglars

Burglars seeking only narcotics—nothing else—and who had predetermined the "exact lay of the land," raided the Hastings Drug Store early last Friday, escaping with \$500 in drugs, which if broken up and peddled would net between \$15,000 and \$20,000.

Excellent timing was displayed by the burglars.

First, they kicked in a rear door, according to Sy Epstein, store owner.

Secondly, they went directly to the location of the narcotics in the store, took the entire supply, spilling only a little on the floor, touched nothing else, not even money, and left while the burglar alarm was ringing.

WHETHER they escaped by automobile or afoot was

not determined at first by Pasadena police. Sierra Madre Police Sgt. Homer Christensen and Officer Willy Wilburne, cruising in the vicinity, discovered the burglary and notified Pasadena police, in whose territory the store is located.

Epstein reports that the stolen narcotics were insured.

Hastings Drugs is at 915 Michillinda at the northeast arc of the business area centered by the Von's Market.

New 49th Democrats Form Group

A new 49th Assembly District Democratic Council came into being Thursday night when 76 delegates from member clubs, State Central Committee, Los Angeles Democratic County Committee, and California Democratic Council of Clubs (CDC) met in Azusa and approved the new constitution and by-laws.

The new council became necessary when reapportionment changed the Assembly district boundaries. More than 100 delegates, alternates and observers from Azusa, Sierra Madre, Pomona, Claremont, La Verne, San Dimas, Monrovia and Glendora gathered at the Women's Club on N. Azusa Ave. The Claremont Club with more than 170 members sent the largest number of delegates, based on membership.

State Senator Richard Richards, keynote speaker, told the audience not to be discouraged by the high Republican registration in the new district, for his experience had been that the more discouraging the registration the better and stronger were the Democratic clubs.

"It takes dedicated and able leaders to effectively carry out the work of the party in such a district," he said. He stressed that only two nominees were really affected by such heavy opposition registration, the assemblyman and the U.S. representative, but that all other state and national candidates needed all possible support for every district.

"AS STATE SENATOR for 42 per cent of California's population, I know the

Mrs. 'Kittie' Miller Has Passed Away

Known to throngs of Sierra Madreans through her clerkship at the Post Office, Mrs. Catherine L. "Kittie" Miller, 67, of 144 San Gabriel Court, passed away on Friday, Aug. 18, following a brief illness. Her demise occurred at the Parkwood Convalescent Hospital.

Mrs. Miller, a Californian for 42 years, and originally from Boston, Mass., was a member of St. Rita's Church, its Altar Society, the American Legion Auxiliary, Veterans of Foreign Wars Auxiliary, and the Emblem Club of the Monrovia Lodge of Elks.

Through the years she had become widely known through her contact with patrons of the Sierra Madre Post Office where her work was highly praised by Postmaster Charles E. Louk and her never-failing good humor appreciated by her fellow employees.

SURVIVING are her husband—turn to page 8

Order Your Flag Now

Sierra Madreans and residents of Hastings Ranch, the Oaks-Highland neighborhood, and the Rosemead-Foothill area are rallying steadfastly behind the SIERRA MADRE NEWS enterprise to make this "THE FLAG—FLYING REGION IN CALIFORNIA."

For the second time, the NEWS is about sold out in its shipments of 50-STAR AMERICAN FLAGS, which it is selling at cost price, \$4.50 each. These flags are each equipped with detachable pole and holder which can be attached to your porch, home, store or place of business. The flags measure four by five feet and are made of extra-durable material.

THE NEWS suggests that those still wishing these flags should contact our office—ELgin 5-3324—and order them for future delivery. Another batch of the flags forthcoming from the manufacturer in Pennsylvania.

Incidentally, Joe Delgatto at the Pantatorium has agreed to clean all American flags, new or old, free of charge.

"We consider this a patriotic service," commented Mr. Delgatto, "and will carefully clean all flags brought to us by Sierra Madre residents. There will be no charge."

ORDER YOUR 50-STAR AMERICAN FLAG AT THE SIERRA MADRE NEWS OFFICE.

Mermaids, Water Ballets, Races At Aqua Fair This Friday Night

THEY WILL take part in the annual Aqua Fair to be staged this Friday night at the Sierra Vista Swim Pool. Front row, from the left, are Mimi Rider, Christian Garrison, instructor, and Linda Cashbaugh. Rear row, from the left, Linda Holman, Nina Bailey and Penny Ward.

Jackson Report Outlines Need For Future Parking; 'Angle Park' Not Discussed

Future parking requirements were outlined before City Council Tuesday night by Don Jackson of the special parking committee named by the city fathers to help smooth out parking facilities in Sierra Madre.

Jackson, using a colored map, outlined the zoning which his committee feels is needed if future parking requirements can be met, this reflecting needs of downtown merchants as well as apartment house dwellers.

The question of angle parking being replaced with parallel parking from the First Western Bank to Baldwin, was not brought up, neither by Jackson nor Council. There were a few merchants present, but they failed to make their voices heard. The merchants feel that parallel parking will cut down the number of parking spaces and injure their business.

COUNCILMEN feel that angle parking is dangerous; they also seek state funds with which to help repave W. Sierra Madre Blvd. Ordinarily, the state does not provide this financial assistance when angle parking is permitted.

Considerable opposition has resulted over the parking committee's previous report suggesting more angle parking in Kersting Square. Opponents indicate their belief that this would prove both a traffic hazard and also clutter up the square needlessly.

SLIGHT FIRE QUELLED
Firemen Tuesday were called to a slight fire in a bush beside an apartment at 186 E. Sierra Madre Blvd. By the time they arrived the fire had been extinguished.

Suffolk Again Stalled

29,150 Persons Have Patronized City Pool

Last year 20,000 persons patronized the city swim pool at Sierra Vista Park. Thus far this year 29,150 have patronized the pool and probably 35,000 will have done so ere the season ends.

These figures were given by City Administrator Lawrence C. Bevington, reflecting the increase which has resulted under direction of Assistant Administrator Tom Butch, Swim Instructor Rick Appleton and others of the pool staff. It also is reflected in institution by Butch of the season family pass and the financial return to the city.

The city tax rate will remain the same at \$1.532,

Rev. Hesse Turns Down S. B. Offer

Rev. Armin W. Hesse will remain as pastor of Faith Lutheran Church at Hastings Ranch Dr., and Sierra Madre Blvd., Hastings Ranch, it was announced Sunday to the congregation. Rev. Hesse, on vacation, sent word that he has decided not to accept a call from the Lutheran Church at Santa Barbara. His own church is now engaged in a building program which includes construction of a new sanctuary.

Band Tunes, Comedy To Be Offered

Youth will have one of its last and finest recreational flings of the summer this Friday night when the third annual Aqua Fair will be staged at Sierra Vista Pool by the Sierra Madre Parks and Recreation Commission.

There will be water ballets to the music of Tschalkovsky's memorable "Nutcracker Suite"; swim races, aquatic comedy, music by the Sierra Madre City Concert Band—all the joyous panoplies of youth certain to attract hundreds of spectators.

Admission is free, along with a free dip after the Aqua Fair activities are ended. There will be plenty of seating on both sides of the pool and the show is scheduled to start promptly at 8 o'clock.

MYRT WAITE has been head instructor of the summer swim classes, assisted by Verna Richter, Annie Aguilar and Pat Fend. Rick Appleton has done a splendid job in turning out an

Mrs. Roess' Idea Is Tops

Mrs. Frederick L. (Lillian) Roess of 261 Adams comes up with a splendid humanitarian idea.

Mrs. Roess reports she echoes the expressed word of some people near the mountains who say it would be a good idea to set out some water each night for animals which are being driven down from the hills because of the excessive and continued heat.

A real good idea, this.

Church Staff To Officiate At Bethany

The church staff at Bethany Church of Sierra Madre will be bringing the messages this coming Sunday, Aug. 27. In the morning service, Rev. Hugh S. Bell, Jr., will be speaking. He is the assistant minister to Dr. Robert N. Schaper, who is on vacation.

In the evening, Rev. Har-

old A. Ankeny, minister of education, will deliver a short devotional after which the film "Dedicated Men," will be shown.

Special music in the morning will be provided by a Bethany choir ensemble and a solo by Virginia Saum. In the evening the Dobrel Trio will sing.

Margaret Schaper, choir director, has announced that September will be Choir Month. A new Chancel Choir is being selected and a choir retreat to Forest Home Christian Conference Center

Dr. Barnhart Will Speak on Guidance

"How God Speaks to Us" will be the topic of the sermon by Dr. Ethel Barnhart, minister, at the 10 o'clock worship service Sunday morning.

Dr. Barnhart will discuss how Guidance lifts the life of the individual out of the law of averages and the realm of chance into a dimension of living where God's goodness is "brought to

pass" in his life. Child care is provided.

Children from pre-school through 8th grade meet at 10 a.m., every Sunday morning. High school and college age youth groups meet at 7:30 p.m.

EVERY WEDNESDAY morning at 10:30 Rev. Rosalie Fowler conducts a healing meeting. Part of this hour is devoted to prayer for specific requests.

Help is always going forth through a telephone ministry and needs of hundreds are being met daily. Pray with us by dialing Hillcrest 7-6162, day or night.

Layman Will Take Pulpit At Shepherd

Howard L. Logan

Guest preacher at Shepherd of the Hill Lutheran Church, 33 E. Sierra Madre Blvd., Sierra Madre, at 10:10 a.m. Sunday, will be a layman who is dedicating fulltime service to the Christian Church.

He is Howard L. Logan, who will preach for Rev. Ray E. Hansen. Pastor Hansen is officiating at the Luther League Convention at the University of the Southwest Synod's committee.

Mr. Logan is assistant in administration to the president of the Pacific Southwest Synod of the United Lutheran Church.

PRIOR TO ASSUMING this office a year ago, he was executive secretary of United Lutheran Church Men, official men's auxiliary of the United Church for four and one-half years.

Previously, Mr. Logan managed the Los Angeles branch of the United Lutheran Publication House, and was active as a lay leader of First Lutheran Church, Glendale.

A native of Albany, N. Y., Mr. Logan resided in Glendale 15 years. He served overseas in the Air Corps during World War II. He was president of the Luther League of America, church youth auxiliary, from 1946 to 1949.

He and Mrs. Logan and their two sons and daughter reside in Granada Hills.

Rev. Hesse Back After His Vacation

Returning from a vacation in Central California, Rev. Armin Hesse of Faith Lutheran Church, 835 Hastings Ranch Dr., plans to continue his service of summer pulpit messages on the Book of Daniel in the 9 and 10:30 worship services next Sunday morning.

Speaking on the eighth chapter, the sermon will be entitled "The Horns and the Lamb."

"Man's task, as assigned by the Creator, is to subdue and have dominion over all creation," the clergyman will say. "This program is being pushed in every direction. Progress seems to be evident in all areas but one. Mankind has made little progress in subduing and controlling himself."

LONG AGO we have dehorned the cattle, but to dehorn ourselves is quite another matter. Individuals and corporations bump horns with each other; nations and alliances lock horns with one another.

"It is because of this that the Lamb is so imperative for all mankind — the Lamb of God!"

Under the direction of Edgar Plischke, the choir will meet on Thursday night at 8 o'clock.

IN SIERRA MADRE

Massachusetts Resident Guest of Girlhood Friend, Miss Madeline Murphy

An interesting reunion took place in Sierra Madre the past week. Miss Florence Woodman of Malden, Mass., was visiting her childhood friend, Miss Madeline Murphy of 107 Esperanza.

The two friends met more than 30 years ago when Miss Murphy and her parents moved from Dover, New Hampshire where they were born, to Massachusetts. The two friends have enjoyed happily the pleasures of their early childhood.

Among the guests who attended a dinner tendered by Miss Murphy and honoring Miss Woodman at the Huntington-Sheraton in Pasadena, were the following: Mrs. Valerie Ball, and Mr. and Mrs. Randall Dickinson McGavock of Altadena; Mr. and Mrs. Ed-E. Herwig of Sierra Madre; Miss Murphy, and Mrs. Glenna Oliver of Sierra Madre.

A DELIGHTFUL garden party at the home of Mr. and Mrs. Randall D. McGavock in Altadena, followed the dinner.

Miss Woodman has been much impressed with the beautiful succulents at the homes of Mrs. Lola Rudbach at the Esperanza address. Upon her return to New England the charm of Sierra Madre will echo through the mountains and valleys of her native state.

... Social and Club Activities ...

MISS FLORENCE WOODMAN OF MALDEN, Mass., (left), once again meets her girlhood chum, Miss Madeline Murphy of Sierra Madre.

Around the Town With Martha

By Martha Sharp
Elgin 5-0003

ALL OUR TOWN'S good wishes to C. W. Jones of 49 E. Alegria who will celebrate his 93rd birthday anniversary today, Thursday, Aug. 24.

Mr. Jones came from Pennville, Ind., in 1906 and still lives at the same place he built nearly 55 years ago. He says, "We first built a large barn to live in while our house was being built. We had a grand piano in one corner, a cook stove in another corner and slept in the hay mow."

He became Sierra Madre's first mayor when the city was incorporated in 1907. He has been an officer in the Historical Society since its inception in 1930, was president from 1950-55 and is now president emeritus of the society.

He lives with his wife, Mary, and son-in-law and daughter, Mr. and Mrs. H.M. (Virginia) Proctor at the Alegria family home and he has always been a good friend and neighbor.

HERE'S DOUBLE take birthday wishes for two charming young women. They are, Mrs. Edward La Lone of this city and Mrs. John Mitchell of Arcadia, who'll celebrate birthdays, Wednesday, Aug. 30.

You probably know them as one set of handsome blonde twins, the former Maurine and Georgyne Norris, granddaughters of one of the pioneer merchants of Sierra Madre, S. R. Norris, who owned the first grocery store in our village.

Maurine lives with her husband, John; children, Chuck, 17; Kirk, 11; Debby, 8, and Kim, 6.

Her twin, Georgyne, lives with her husband, Edward, and two junior members of the family, Georgyne, Jr., and Edward Jr. on N. Baldwin Ave.

JOE AND DOTTY MURPHY, children Pat and Mary Ann; Bob and Joyce La Lone with

children, Joel and Brigit, and Hal and La Von Brett with their young son and daughter, George and Libby—all Sierra Madreans, recently returned from a five-day vacation at El Mission, Mexico. They were guests at a private home, enjoying, swimming and companionable friendship.

MR. AND MRS. ROBERT JENKINS, the popular, Katie and Budge, with daughters, Lizzie and Junie, are visiting parents and friends here. Budge who has been teaching in the art department of the San Francisco Public Schools, will move with his family to Petaluma this fall where he has been appointed head of the art department of the new Petaluma High School. Congratulations are in order, Budge.

MRS. ROBERT (MARIE) GOHR of 331 Sturtevant Dr., who fractured her right elbow several weeks ago, is on the mend. Marie's fine sense of humor and ambition keep her working at typing and light bookkeeping done in her home—so call her at EL 5-0980 if you need her services. She says, "Give me a few more weeks and I'll be nearly left-handed."

SHARON BRANDT recently entertained friends with a swim party and barbecue supper at the home of her parents, Mr. and Mrs. William Brandt, 551 Foothill Ave., honoring Kim Sorensen, daughter of Mr. and Mrs. E. Ray Sorensen, formerly of 551 Foothill Ave., who have moved to Belmont Shores.

Sharon's friends who enjoyed the evening were Bobbie Jean Bate, Karen and Barbara Hansen, Brent Kerr, Dennis and Michael Karas, Roger Works and the guest of honor, Kim Sorensen.

Bobbie Jean and Sharon made a Pinata filled with candies that were enjoyed during the evening of fun.

Visit To London For Mrs. Dittmar

Mrs. Kathleen M. Dittmar of 405 Sycamore Place, Sierra Madre, left Tuesday to visit with her family in London, England. Her sister who is 90 and who resides in London, will have her home as a gathering place for the family reunion.

Her sister, Mabel, 84, is arriving from Capetown, South Africa, for the gathering. This will be the first meeting of the sisters in 40 years. Mrs. Dittmar will fly the Polar Route to London.

ated from Mayfield High School, Pasadena, and was graduated cum laude in June from USC. She was a member of the Delta Gamma Sorority and Pi Lambda Theta, honorary scholarship society. Mrs. Lovejoy will teach the fifth grade in La Canada Schools, beginning in September.

The bridegroom is a graduate from St. Francis High in La Canada and is attending USC for his doctor's degree in pharmacy.

The young couple, honeymooning in Santa Barbara, Carmel and San Francisco, will be at home after Sept. 1 in Pasadena.

Civic Club's Prospectives

Prospective members of the Sierra Madre Civic Club gathered with active members for luncheon last Sunday in the "Westerner" in Arcadia.

Attending as guests were Mrs. Leo Anderson, Mrs. E. Kennedy Cobb, Mrs. Robert Fend, Mrs. D. Paul Foote, Mrs. William Howard, Mrs. Richard Lane, Mrs. Thomas Pederson, Mrs. Thomas C. Redman, Mrs. Garry K. Rhodus and Mrs. Alfred Schwarz.

Adding to the occasion were the guitar music and folk songs of Mrs. Ann Ewing, guitar instructor in the Creative Arts Group program.

Mrs. Gordon Caldwell as membership chairman, was in charge of the luncheon, assisted by Mrs. Herbert Struthers, Mrs. Stuart Fried, Mrs. Leo Blakeman, Mrs. Carl Souders and Mrs. Hal Jordan.

Perlofs Making Visit To Orient

Mr. and Mrs. Sam (Annette) Perlof of 1431 Oak Meadow, Arcadia, are enjoying a voyage to the Orient, with a stopover in Japan. They will return on Sept. 10. Mr. Perlof is owner of the Royal Drug Store at 82 W. Sierra Madre Blvd., Sierra Madre.

Hot Water Victim

Raymond Green, owner and chef at the Royal Fountain Grill, 15 Kersting Court, suffered minor injuries to his eyes and face Thursday night when the plumbing in a section of the restaurant exploded throwing hot water in his face.

Green, treated at Sierra Madre Community Hospital, was back on the job Friday.

Mrs. Patrick A. Lovejoy (Georgann C. Richter)

Double Ring Ceremony Used At Richter-Lovejoy Wedding At San Marino

The double ring ceremony was used when Georgann Catherine Richter, daughter of Mr. and Mrs. George Robert Richter of 2160 Adair St., San Marino, was wedded to Patrick Alan Lovejoy, son of Mr. and Mrs. George R. Lovejoy of 74 W. Grand View, Sierra Madre, in SS Felicitas and Perpetua Catholic Church, San Marino.

Father Lawrence Caruso, who taught Miss Richter at St. Francis High, celebrated the nuptial high mass. The Marian Choir, conducted by Benjamin Bontempo, assisted. The bride was given away by her father.

The maid of honor was Sally Beynon of Pasadena, long-time friend of the bride, from Mayfield School in Pasadena and USC, who introduced the couple five years ago. Matron of honor was Mrs. Robert (Sue Moore) Leslie of Long Beach, a sorority sister, who was married on June 3. Bridesmaids were Mrs. William (Lynda Thornton) Vaughan of Sherman Oaks, sorority sister, married only the week before, and Francine Masotti of Arcadia, long-time friend from Mayfield School in Pasadena.

THE BRIDE was garbed in a Cahill white nylon tulle gown, Chantilly lace bodice, extending into a bouffant skirt, with chapel length train. A crown of matching lace outlined with seed pearl held the full short veil. She carried a beautiful mother-of-pearl prayer book with streamers of small white orchids, a wedding present from her parents.

Maid and matron of honor

THE BRIDE was gradu-

Ranch Roundup

By
Joyce Wenger
SYcamore 8-4777

THIS SUMMER shall be recorded in my memory as the summer my 11-year-old daughter discovered music (?); and I discovered I really am as old as she thinks I am!

I've also discovered ear plugs are not soundproof; there are still vibrations such as when the house literally rocks to what I'm told is the latest popular record.

Even her father has declared the record she purchased with last week's allowance sounds like a Chinese fire drill.

It must be a sign of old age, because I just can't help comparing her choice of music with the popular hits of my day — "Star Dust," "Deep Purple," "String of Pearls" and that real jumping number, "In the Mood."

And if you think those numbers date me, then hear this—my true favorites are from the gay 90's. Sorry, daughter, I just can't dig it!

OFF TO THE BALL GAME: Shakespeare Juniors are busing over to Wrigley Field tonight. Hoping to see the Angels clobber the Yankees are Messrs. and Mmes. Alfred Wach, Nathan Daugherty, William A. Bell, Peter Tilton, Wesley Anderson, Charles McCurdy, George Berger and their guests, the Lomasneys, and the Ira Matthiesens and their guests, the Keehans and MacPhails.

ETHEL ASHER'S HOME at 524 N. Michillinda will be the scene today for a dessert luncheon and swim party for members of the Hastings Ranch Needlework Guild. Hostesses are Shirley Anderson, Bea Boorie and Ethel Mayhew.

THESE ARE busy days at the Carter-Arthur home. Edith Carter's brother, John Arthur, and his family are visiting from Salt Lake City. He is chairman of the Utah Credit Association and is here to attend the Union Credit Association school at UCLA. Edith and daughter, Judy, were happily included with the Credit group's tour to Catalina.

Incidentally, Mabel Arthur and Harriet Clogston were prize winners at Gertrude Grimsstead's recent card party—which began a round robin of said parties to raise money for charity, and to be dispensed at Christmas by the Arcadia Women's Club.

OPEN HOUSE for approximately 150 guests was held Sunday, Aug. 20, at the home of Mr. and Mrs. Stanley W. Mikulka, 3670 Shadow Grove Rd., Hastings Ranch, for Mr. and Mrs. Solo T. Laitinen. Hostesses were Mrs. Mikulka and Mrs. Hilka Lender of San Marino, daughters of Mr. and Mrs. Laitinen. A buffet luncheon was served, with a three-tier anniversary cake as the centerpiece. Guests enjoyed seeing Mrs. Laitinen's wedding gown which was worn by Mrs. Mikulka.

Mr. and Mrs. Laitinen were married 50 years ago in Finland. They came to Wyoming in 1914, where they made their home and were in business until 1947, when they came to California to retire.

They have two daughters, Helvi Mikulka and Hilka Lender. They also have five grandchildren — Mark, Kim on "Truth or Consequences" and WON. Two girls walked great-grandson, Gary Mild.

JIM AND MARY VERHOVEK of Tropical, entertained ten couples at a supper-swim party Saturday evening. The women meet regularly for bridge, but for this occasion, their husbands were included in the fun affair. Attending were Messrs. and Mmes. William Bevan, Robert S. Bremer, LaeVre Huss, Harry Halstead, William Mangham, John Queen, Neal Rowley, Keith Stiles, and Dan Wells.

JOANNA AND DAN WELLS are still vacationing — hither and yon! First they took the children to Huntington Beach and Ensenada. Followed by another vacation in Las Vegas (minus the youngsters), and now Joanna and children head north to Merced for a week.

THE NEW CATAMARAN HOTEL at Mission Bay is really the MOST — according to Vonda and Robert Stewart, who attended an insurance agency convention there. Earlier, they spent two weeks visiting Vonda's family and friends in Oklahoma. Craig and Cathy enjoyed the Oklahoma trek also.

DIANA PURSLEY reports a busy week of activities for Job's Daughter Bethel 128; including audience participation in a TV show, swim and slumber parties, etc. Incidentally, three of the girls from Bethel 128 recently appeared on "Truth or Consequences" and WON. Tow girls walked off with record players, and the third lucky young lady, with \$200! The program will be rebroadcast Aug. 30.

THE WOODROW MOORES of Shadow Grove did a bangup job arranging Trinity's Schooner Club night at the Hollywood Bowl. In fact, two buses were needed to transport the enthusiastic group to hear the popular Lerner and Lowe music Saturday evening!

VIEW of proposed new Faith Lutheran Church sanctuary shortly to be erected on the congregation's lot at Hastings Ranch Dr. and Sierra Madre Blvd. It will be

of brick and face stone, with clear-story trusses in the interior, and will seat 315. Culver Heaton of Pasadena is the architect.

Annual Doll Fair Is Set For Nov. 4

Mrs. William Lloyd of the Highlands area, president of the Sierra Guild to the children's Hospital, announces plans for a busy fall season. One project will be their 41st Annual Doll Fair to be held this year on Saturday, Nov. 4, at the Marlborough School in Los Angeles.

Mrs. Charles Coffyn, Doll Fair chairman, will be assisted by Mrs. Barney Tumilty, Mrs. George Ensslin and Mrs. Robert G. Scherer. Mrs. Ensslin will be hostess for a pre-sale party to be held Wednesday, Oct. 18, in the meeting room of the Glendale Federal Savings and Loan in Arcadia.

MRS. COFFYN is working with the E. Waldo Ward Company in Sierra Madre and plans to offer for sale decorative jars of Holland onions, maraschino cherries, fancy stuffed olives, sweet pickled watermelon rind tomatoes, which may be substituted for olives in salads or drinks. Also a complete line of pates will be for sale.

These items will be attractively packaged by members in early October and would make a fine Christmas gift.

KILLS 4-FOOT RATTLER Police Officer Leonard Carnighan on Monday was called on to dispatch a four-foot rattler at the A. I. Fox property on 414 Foothill.

Villa Views

By
Toni Maurin
SYcamore 7-9634

IS THERE ANYTHING more sickening than the grinding and crushing sound of metal against metal as it hits with a sharp impact? Not unless it's that sound along with the sound of an agonized child's screams being crushed with the metal.

A grim picture, yes, but such a tragedy might have been in the news last week on Wynn Rd. An improperly parked, and insufficiently braked car, broke away from the curb and started a long, perilous and driverless ride down Wynn Rd., weaving back and forth from curb to curb.

It finally halted in its path at the home of the L. G. Farmers, who had a guest's car parked in front. It moved this car a full 25 feet and caused considerable damage to both automobiles.

The only fortunate part of the whole accident was that it was one of the only five minutes of an otherwise busy day when there were no people on the street. There are many children in our area, and regardless whether or not they should be in the streets, they do cross them and there is always a stark danger of hitting them if we become careless even once.

This article is not meant

to chastize the owner of the runaway car, for he saw the error of his ways and a combination of circumstances was to blame, but to serve as a warning to every owner and driver of an automobile that they have a potential killer in a mismanaged automobile. Caution can be our only by-word!

IT SEEMS to be Old House Rd. week again this time. The natives of our street are doing a lot of changing around.

Firstly, Mr. and Mrs. George Clark moved to their new home at 2632 Crestview Dr., Bay Shores, Newport Beach (Keep this address for Christmas cards.) New owners will not move in for a week or two.

MR. AND MRS. S. L. MOONEY and their four children, Walter, 21, who just graduated from Fordham University; Vincent, 17; Larry, 13, and Nancy, 9, have moved into the Philipson's home in their absence. The Mooneys are former residents of a suburb of Morris-town, N.J.

ALSO NEW on the street are Dr. and Mrs. John Fortier and their three children Julie, who's four, and their

twin boys, Gregory and Jimmy, who just celebrated their first birthday anniversaries. The Fortiers just recently purchased the former Crane home at 1580 Old House Rd.

Dr. Fortier is an internist, practicing in his own office on E. Main St., Alhambra. He is a graduate of the University of Ottawa in Canada.

Hobbywise, both of them love music. Dr. Fortier has quite a complete setup of stereo and has made many tape recordings of some of his favorites.

Mrs. Fortier shares his interest and also has a musical background of her own in both singing and playing. She is a graduate of Wayne State College in Detroit, Mich., and took her major in music. Welcome to all five of you!

DR. AND MRS. LINCOLN WILSON, of this street, departed last Thursday by B.O.A.B. on the first leg of their six weeks' journey that will take them all over the Continent. Their first stop will be London, and then they will go on to Paris and to Amsterdam, where they will pick up a car and drive around Holland. Hope to have some bulletins from them as they travel around.

FINALLY, the John Chapmans with Steve, Jim and Chris are back from a two-week vacation in Brockway, up towards Tahoe.

THE GILBERT OLSON home on Edge Cliff Lane was scene recently of a Luau Birthday party honoring

Mrs. Mary Olson (Mr. Olson's mother), on the event of her 80th birthday celebration. The party was planned and executed by the Olson's two oldest children, Heidi and Lorraine, with the two little ones, Diane and Ward, doing odd jobs and leg work. They decorated the entire garden and planned each event which included a floor show for the guests. Mother helped out by preparing the Hawaiian dinner.

In addition to the guest of honor they were joined by Mr. and Mrs. Melvin Olson of Whittier and Mr. and Mrs. Walter Olson of San Gabriel.

Incidentally, the Olsons have since been to Balboa with their family for a two-week vacation.

MR. AND MRS. TED J. WHITE of Meyer Loa Lane really initiated their new swimming pool last Friday evening. They entertained the "ladies" bridge group with their husbands at a swimming, badminton, bridge and dinner party.

The entire group surprised Mr. and Mrs. Ed Rada, who will be leaving for a year's stay in Formosa. They were feted with going away gifts.

The other guests were Mr. and Mrs. Munson Dowd, Mr. and Mrs. Bill Sackett, Mr. and Mrs. George Lippincott, Mr. and Mrs. Ed Garrison and Mr. and Mrs. Harold Stenman.

Sierra Madreans Fete Londoner

Sam Hinchliffe, school teacher from London, England, is spending his month's holiday visiting friends and relatives in the Southland.

A highlight of his visit was a dinner party given in honor by his niece and her husband, Mr. and Mrs. Robert Collup of 675 Edgeview Dr., Sierra Madre.

When asked his opinion of our "Foothill City of Liveability," he said, "It's smashing!"

Descendant Of Andrew Jackson Succumbs Here

A descendant of President Andrew Jackson, a Californian for 20 years, and a Sierra Madre resident the past year, Mrs. Colista Slater, 82, passed away suddenly on Aug. 18 at her home at 59

E. Grand View. Originally from Alhambra, Mrs. Slater is survived by her husband, William E. Slater of Sierra Madre; a daughter, Mrs. George R. Zeltmair, also of Sierra Madre, and three grandchildren.

Services were Tuesday at 3 p.m. at the Ripple Mortuary, with the Rev. David E. Yoeman officiating. Interment was in Live Oak Cemetery.

AAUW Unit Directors To Meet Aug. 28

The Board of Directors of the Arcadia Branch of the AAUW will meet at 8 p.m., Monday, Aug. 28, at the home of the president, Mrs. Richard B. McCloud at 2301 8th Ave., Arcadia. Plans for 1961-62 will be discussed by chairmen of the various sections.

Members of the Board of Directors are Mrs. Richard B. McCloud, president; Mrs. Lewis Randall, first vice president (membership); Mrs. Kendall McBane, second vice president (program); Mrs. George Good, recording secretary; Mrs. Louis J. Simon Jr., corresponding secretary; Mrs. C. Winfield Hartranft Jr., treasurer.

Mrs. Thomas Marshall, parliamentarian; Mrs. Benjamin S. Parker, the arts; Mrs. Ernest Mortenson, art loan; Mrs. James Tunney Jr., books and plays; Mrs. Sydney Buck, drama; Mrs. Justin A. Sharback, creative writing; Mrs. Albert G. Baker, daytime varieties; Mrs. Roland F. Landa, elementary and secondary education; Mrs. Clifford Pollack, higher education; Mrs. Curtis Crooke, fellowship program; Mrs. Hower J. Foye, financial secretary; Mrs. Harold Kettell, hospitality; Mrs. William E. Snyder, international relations; Mrs. Wallace Qua, junior group; Mrs. David Kirkpatrick, last-ins; Mrs. Grover H. Fox, mass media; Mrs. R. E. Sandford, music; Mrs. Hugh K. Myers, public relations; Mrs. Frank A. McCormack, social and economic issues; Mrs. Frank Ott, social section; Mrs. Rosemary Gartner, status of Women; Mrs. John E. Ward, legislative program, and Mrs. H. R. Stoke, year book and historian.

Lions to Greet District Chief August 31st

Michael H. Nestor of Long Beach, district governor of the Lions Clubs in this area, will make his official visitation to the Sierra Madre Lions Club on Thursday night, Aug. 31, 7 p.m. in VFW Hall, 40 T. Montecito. The district governor's night is an annual highlight in Lions Club activities and preparations are under way to make this visit outstanding. District Governor Nestor will be introduced by Lions Club President Charles Waters.

Boy Has Sudden Spell of Choking

Police Officer Leonard Carnighan, with a resuscitator, last Friday rushed to the home of Mr. and Mrs. Malcolm E. Birch at 752 Ramona, where their son, Kevin, had been seized with a sudden choking spell.

However, Dr. Harold Axelrod also had been summoned and had the lad out of danger in short while, so the resuscitator was not needed. Mr. and Mrs. Birch were high in their praises of the Police Department for the celerity in which they responded — three minutes after the phone call, Officer Carnighan and the resuscitator were at the Birch residence.

Sierra Madrean Gets UCLA Award

Miss Virginia A. Hippenstiel of 96 E. Alegria, Sierra Madre is one of 394 top level UCLA students and high school graduates who will enter the school next month and who have been named recipients of UCLA scholarships. Announcement of Miss Hippenstiel's award is made by Dr. Leland J. Thielmann, chairman of the UCLA Committees on Undergraduate Scholarships and Prizes.

The scholarships general range is from \$150 to \$500 a year, and are derived from funds donated by private individuals, from university income set aside by the Regents and from UCLA Alumni Association. Recipients are all "B" or above students.

½-ton pickup... now at new clean-up savings

FAMOUS FORD STYLESIDE conventional pickup saves even more at clean-up time

PURPOSE-FULL
-and the clean-up savings are wonderful!

More payload for less money. Ask any Ford truck owner. And at clean-up time, it takes even fewer dollars to replace that worn-out pickup. Take advantage of these year-end savings on everything from light duty pickups to super-duties and tandems. We'll allow you far more than your present truck is worth. Remember, one of the best business profits can be a substantial saving on equipment.

CARL HANSEN
120 W. SIERRA MADRE BLVD.

Council Meeting
continued from page 1
visit to the Orient Sam Per-
lof threw another monkey-
wrench into the situation,
with minor objections, this
when escrow was about to
be started for acquisition of
right-of-way opposite his
property at S. Baldwin and
the proposed Suffolk en-
trance opposite the new Post
Office building. It is hoped
to straighten this out on his
return on Sept. 15.
Incidentally, Councilman
Severin L. Sorensen again
stepped to the plate with
criticism of the councilmen's
voices and their lack of
making themselves under-
stood distinctly despite the
amplifiers purchased some
months ago. As of the pres-
ent it is practically impos-
sible to make out what some
councilmen are saying.

AMENDMENTS to the code
as regards lot sizes and re-
strictions occupied much of
Council's attention, as did
the proposed E. Bonita St.
extension.
In the first, the City Plan-
ning Commission has recom-
mended establishment of a
third-size lot in certain con-
tingencies, one of approxi-
mately 9,000 square feet,
midway between the present
7,500 foot minimum and the
12,500-15,000 foot maximum.
Sorensen claimed improper
zoning is injuring prop-
erty values, especially in areas
opposite Arcadia properties,
Harold Petz, Planning Com-
mission chairman, advised
fixed zones and less varia-
tions which he contends has
resulted in a hodgepodge in
many areas in the city.

The question was referred
to City Atty Charles R. Mar-
tin for preparation of a pro-
posed ordinance amending
sections in the Building
Code needing simplification
and concreting.

**MR. AND MRS. HENRY L.
KORSMEIER** protested the
proposed E. Bonita St. ex-
tension, claiming that a
through street from S. Bald-
win to S. Mountain Trail is
more desirable than a cul-
de-sac arrangement project-
ed. The question was held
over for two weeks.
Paul Carter withdrew his
application for a lot split in
the canyon when it was
demonstrated adequate
drainage there was practi-
cally impossible.

New Demo Group
continued from page 1
value of support from dis-
tricts like this one," said
Richards. "We survived the
1950 reapportionment, even
where the opposition thought
we had been forced out, and
we survived to take over the
state in 1958. Today we have
three out of every four state
senators."

Advocating aggressive par-
ticipation in CDC, Richards
said that the clubs gave
members a chance to give
expression to their concern
and to see that concern
translated into political ac-
tion through legislation.
He briefly summarized the
recent session of the Legis-
lature, saying that 2,227
measures were made into
law, including important
narcotics, welfare, water and
education legislation.

Dr. James Findley of
Claremont, chairman of the
49th Assembly District Coun-
ty Committee delegation,
called the meeting to order.
Keith Seegmiller, president
of the Sierra Madre Demo-
cratic Club and chairman of
the arrangements commit-
tee, presided. Stephen Zet-
terberg, Claremont, CDC re-
presentative, reported on the
constitution and bylaws.
Mrs. Lewis Platt, Pomona,
Women's Division repre-
sentative, reported on the
credentials committee. Mrs.
Gertrude Baker, Monrovia,
member of the State Central
Committee, was secretary.
Kenneth Moyer, Sierra Ma-
dre, reported on the resolu-
tions committee. James Holt,
Sierra Madre, was chairman
of the rules committee and
James Wilmott, Glendora,
was treasurer.

A PRINCIPAL point of dis-
cussion was whether mem-
ber clubs should be required
to be members of CDC also.
Some felt that this should
be optional but the measure
passed easily. The group
enthusiastically passed a
resolution to work more ef-
fectively, more ardently, and
with more dedication than
before, in spite of the ad-
verse registration.
The Sierra Madre Demo-
cratic Club has set the date
of their rummage sale for
Oct. 9-10. Anyone wishing to
contribute may call Mary
Moyer, EL 5-6013, or Pat
Simmons, EL 5-6343.

Shippey
(Continued from Page one)
a living monument to good
citizenship, good neighborli-
ness and good service to our
city. It is an inspiration to
think of him and an honor
to tell him so, even in these
few words.

Rummage Sale Planned At Ascension

A rummage sale, sponsored by the Women's Auxiliary will be held on Friday, Sept. 8 from 12 noon to 5 p.m., and Saturday, Sept. 9, from 10 a.m. to 3 p.m., in the Parish Hall of the Church of the Ascension, 25 E. Laurel Ave., Sierra Madre. Articles may be brought for the sale beginning Sept. 2, if no room is available to store articles in your own

homes. Donations of clothes (in good condition and clean), school uniforms, knick-knacks, china, etc., would be appreciated. Deadline for articles received will be Sept. 6. No advanced sale. The public is cordially invited to this fabulous bargain. For further information, call Mrs. Austin Munger, ELgin 5-3607.

"CLEAN UP" PARTY
Church members who are talented mop slingers, dusters, and repairmen, previous experience unnecessary, who possess a smiling nature, are requested to call Mr. and Mrs. Ted Hassell, ELgin 5-3607.

WOMEN'S AUXILIARY
Women of the Church of the Ascension will meet on Wednesday, Sept. 6 at 9:15 a.m. for Mass, followed by a business meeting in Parish Hall. Full attendance is requested. Babysitting will be available. For further information call Mrs. Austin Munger, EL 5-3607.

Temple Speaker Is Rabbi Angel

Rabbi Camillus Angel will conduct the regular 8 o'clock Friday evening services at Temple Beth David of the San Gabriel Valley. He will speak on "Therefore I Command Thee." Mrs. Charles Lich of 710 Encino Dr., Arcadia, will be at the organ.

Avoid confusion—the fellow who travels in circles finds it harder than ever to make both ends meet.

Miss Smith Engaged To J. B. Johnson

The engagement of Mercedes Mae Smith of 616 Holly Trail, Sierra Madre to Jawn B. Johnson of Arcadia was announced at a patio party given at the home of the bridegroom-elect's parents, Mr. and Mrs. Willis Johnson, 440 West Walnut Ave., Arcadia. The Johnsons are formerly of Alhambra. Miss Smith is the daughter

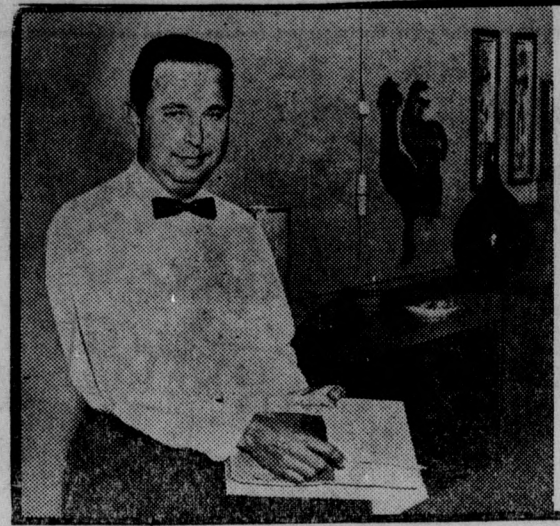

of Mr. and Mrs. George H. Smith of Minneapolis, Minn. The bride-elect's parents will arrive in California shortly after the Christmas holidays to attend the wedding of their daughter which is planned for January. Miss Smith attended Augsburg College and Lutheran Bible Institutes in Minneapolis and Seattle. Her fiancé attended the California State Polytechnic College.

Russel A. Gates Called By Death

Russel A. Gates of 145 Lowell Ave., Sierra Madre, passed away Aug. 6 at the Costa Mesa Home. A native of Trenton Township, Wis-

consin, he removed to Pasadena 40 years ago, coming to Sierra Madre six years ago. Mr. Gates was a member of the First Baptist Church of Pasadena and of Pasadena Post No. 13, Veterans of World War I. Surviving are his wife, Mrs. Emma Mae, and a son, John E., each of Sierra Madre.

Private services were conducted Friday at the Edwards and Cummings Mortuary Chapel, 317 Lincoln Ave., Pasadena, Rev. Ray E. Hansen of the Shepherd of the Hills Lutheran Church, officiating. Interment was private in Mountain View Mausoleum.

"To me, a beautifully furnished home is a symbol of good living. It makes me feel good. And that's worth working for and saving for. And one of the best places to save is where I have my savings, at Monrovia Mutual."

Councilman Rule's Defense Plan

continued from page 1

building of several large shelters financially out of the question.

Therefore, we must have a massive education program, designed primarily to convince the citizens of Sierra Madre that individual private fallout shelters represent the best possible protection from radioactive material and could well represent the difference between survival and complete annihilation of the majority of the people in our community.

B—Operations of Vital and Essential Services Divisions of the City Government and other Departments under City Management and Control

It would be my recommendation that this section be headed up by the chief of police and his staff. This section would include the Fire Department, Water Department and the various other departments in the city having equipment and material at their disposal. I do not believe that any volunteer organization, however well trained, would be able to cope with the situation that would exist prior to, during, and after an atomic bombing. Individuals in emergency situations tend to panic and we should rely upon an already trained and well disciplined organization, such as the Police Department, to handle the problems we would face in nuclear warfare.

One has only to realize that under such conditions there will be no power and lights, no gas, no water, no two-way communications, no sanitary facilities, no adequate food supplies, just to name a few, and it suddenly becomes clear that we must have trained personnel to accomplish the objectives outlined in our disaster plan.

C—Coordination of Services of Local Civil Defense Organization with those of other Governmental, Civil Defense Agencies Operating in the Field

The City Council should assign one man to head up this section with instructions to learn of all the various Civil Defense and Disaster Agencies now operating, and to take full advantage of their participation and not duplicate their services at a local level.

This section head should recommend to the director which Civil Defense functions should be delegated to those agencies best equipped to handle the operations. This type of cooperation between agencies is necessary to eliminate duplication of effort and to keep the city's cash outlay at a minimum.

3—CONSIDERATION OF NEW CITY HALL WITH SUB-TERRANEAN BASEMENT

While the need for a new City Hall should not be a part of these discussions, it should nevertheless be agreed by the City Council that such a building is needed now and has been for some time.

With this premise, we can proceed with the suggestion that the City Council immediately consider the construction of the new City Hall, but with a subterranean basement to serve as quarters for certain city operations, but which could be turned into a fallout shelter for 100 persons at a moment's notice.

Further, this basement could be used as headquarters in an "extreme emergency" to assure the continuity of local government.

One of the problems facing the City Council in an emergency would be establishment of emergency lines of succession for top executives and key personnel, or, in other words, to guarantee leadership and authority through lines of succession. Other advance planning must be done to preserve essential records; to prevent unlawful assumption of authority; and to assure the public that disorder and dislocation following an enemy attack will be promptly brought under control.

We must also be prepared to assure Federal and State agencies that the city government of Sierra Madre can function legally and efficiently in an emergency. This would be done by naming the line of succession to a depth of at least six or seven for the mayor and two or three for other city officials.

Such depth of succession will make martial law less likely and assure continuous leadership and authority in key positions during reestablishment of normal government functions. Not only must effective civil administration survive at all local levels, but the Police and Fire Departments must also function during these emergencies.

To accomplish any and all of these objectives, we must have an adequate bomb and fallout shelter, specifically designed with the objective in mind of the continuation of local government. In my opinion, a subterranean shelter beneath a new City Hall is by far the most logical answer. To build a City Hall is by far the most logical answer. To build a City Hall is by far the most logical answer. To build a City Hall is by far the most logical answer.

1—From present tax monies.
2—With partial matching funds from the Federal Government and the balance from tax monies.
3—Bond issue.

To take the money from our tax funds would be tantamount to abandoning any present plans we now have for capital improvements and to start over anew in this endeavor. On the other hand, bond issues are not always the most desirable method of raising money. The City Council will, in my opinion, have to decide which route to take as our present City Hall facilities do not lend themselves in any way to being adapted to a shelter of any type.

It would appear from the above suggestion that I am attempting to "work both sides of the street." This may be partially true since good municipal government requires that simultaneous and equal consideration be given to the needs and expectations of both peace and wartime.

Finally, I feel strongly that the City Council should lead the way in the field of Civil Defense.

If the City Council pays only lip service to the idea of shelters, and fails to take any action, then we can hardly expect to convince the citizens of Sierra Madre that such preparedness is really necessary.

The City Council should bring all Civil Defense matters within the field of interest and concern of every representative segment of the population of Sierra Madre. If we communicate, explain and consult long enough and hard enough, we can eventually erase the skepticism that seems to be prevalent about how much good can be accomplished through action taken by any one municipality.

4—INVESTIGATION OF THE POSSIBLE SOURCE OF FUNDS

This item should be self-explanatory. Every level of government seems to be investigating this same possibility of getting the Federal Government to participate in local bomb and fallout shelters. It is my opinion that the City Council of Sierra Madre should follow suit.

5—BOMB AND FALLOUT SHELTERS FOR CITY SCHOOLS
Here again I feel this item is self-explanatory. I cannot see how anyone could object to the idea of shelters for school children. Such buildings would also provide additional shelters for other citizens of Sierra Madre during the time the schools were closed.

6—RESOLUTION FOR TAX RELIEF FOR CITIZENS BUILDING SHELTERS

It is my opinion that the City of Sierra Madre, through the City Council, should seek some tax relief for any public-spirited citizen who builds a fallout shelter, even though this shelter may benefit only one family. It is nevertheless an infrequently used building and should not, to my way of thinking, be considered as an improvement to the property.

If the City Council is in agreement with any of my ideas, particularly the one dealing with a Citizen's Committee, I have a list of names of those persons who have volunteered to serve on a Civil Defense and Disaster Board.

Aqua Fair Friday

continued from page 1

outstanding swim and diving teams.

Opening number will be "America The Beautiful," by the band and Water Males. From then on it will be a steady procession of water ballets, swim races and comedy events calculated to intrigue all the spectators. The program following the opening number, follows:

Christmas Tree Overture—Water Ballet—1st Band Presentation; The March of the Children. "Nutcracker Suite"—2nd band presentation; Girl's swim race—7 and 8 years old; Boys' swim race

—7 and 8 years old; 3rd band presentation.

"Dance of the Sugar Plum Fairy," Water Ballet; girls' swim race—9 and 10 years old; boys' swim race—9 and 10 years old; 4th band presentation.

Diving and life saving exhibition; 5th band presentation; Arabian Dance—water ballet; girls' swim race—11 and 12 years old; boys' swim race—11 and 12 years old; 6th band presentation.

Boy and Girl Swim Team demonstration, various swim styles; 7th band presentation; Dance of the Meralons—Water Ballet; Final band presentation.

Waltz of the Flowers, Water Ballet Finale; Swim Relay—Instructors vs. Guards (in pajamas); Free Swim For All.

Necktie Co. Burglarized

Burglars, thought by police to be juvenile, entered the Richley of California neckties manufacturing establishment at 37 W. Sierra Madre Blvd., during the weekend and escaped with \$19 in cash taken from the unlocked safe.

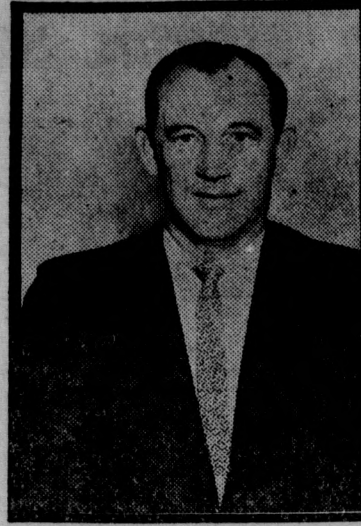

Entry was effected by removal an air-conditioner

Hitting At The Heart Of Communism's Threat

Scholars and experts who know Communism have attempted to teach us that the Reds keep a jump ahead in the battle for world control because they play the grim game entirely according to rules of their own making, and not according to our rules.

We have long known that they read history in their own peculiar way, according to the Marxian dialectic, but we have too long refused to face the unpleasant fact that they play at politics without subscribing to the customs, ethics and morals that are generally in the Western World.

Our rules of centuries past usually are not of any use to them in their nefarious scheme and conspiracies. Perhaps it could best be said that there are no rules in this program of world conquest. But the distinct feature of Communism which we have ignored is that it is an international conspiracy that knows no boundaries, no allegiances and no commitments except its off-repeated objectives of world conquest and the abolition of the Christian religion.

REP. PILLION of New York State has an idea for making this understood, both at home and abroad. He would do this by means of a Joint Congressional Resolution which would amount to a "declaration of war" upon the source of most of the conflict in today's world not against any government, but against the actual enemy, the alliance of Communist Parties of the world.

This is nothing new, but it meets the challenge where it has been made. Besides standing firm to meet the Communist advances, we might well rally the Free World to get off the defensive and carry the battle to the enemy.

Although many of President Kennedy's recent public statements reveal that he himself understands clearly the nature of the war which we are fighting, there appears to be a continuing need for this realization on the part of other leaders in the government and in Congress.

THIS RESOLUTION would do much to unify all of us and to inform the world where we stand. It would be a splendid start toward assuming the real leadership of the Free World that has been thrust upon us.

The resolution, or at least the kind of thinking that is revealed in it, should undergird our own foreign policy. Although the idea of declaring war on a political movement is an unique concept, it is a recognition of the realities of today.

It is an answer to the aggression of Marxian geopolitics and to the Russians who steer and coordinate the whole Communist movement. This resolution could be the beginning of a new approach to international relations.

REP. PILLION is aware of all of this. Here are some of the practical results which he sees if his resolution is adopted:

"First, by identifying the enemy, by recognizing the war which the Communists have been waging against us, we shall have a basis for shaping our policies to prosecute the war. How can we formulate effective programs to defeat an enemy if we neither specify who he is, nor acknowledge that we are at war with him.

"Second, we shall raise a standard to which free men everywhere can rally. The enemy is not just our enemy, but of all those who love freedom. We shall by raising this standard, assert our rightful place as leaders of the yet Free World. We shall give renewed hope to the millions whom the Communists hold in bondage.

"Third, we shall have a guide for our domestic policies which must be consistent with the demands of the life and death struggle in which we are engaged.

"Finally, we shall have a justifiable hope that by accepting the challenge which the enemy poses to civilization itself, we can come day usher in an era of genuine peace, and fulfillment of the highest aspirations of mankind."

THIS CLEARCUT call resembles much the stirring messages of Samuel Adams and Patrick Henry in 1775. Patriots then were aware that the world was watching to see if tyranny could be challenged successfully.

Have we not today an even greater obligation to the Free World to lead it against an even darker red-hued enslavement?

Money Our State Owes

California voters have authorized the staggering total of more than \$5 billion in general obligation bonds since 1943, State Controller Alan Cranston reports.

This \$5 billion obligation does not include county, city and district bonded indebtedness of the people of the state, nor does it have anything to do with personal notes incurred by individuals at banks and other lending institutions.

In detail, as Controller Cranston reports it, since 1943 the people of this state have authorized a total of \$3,365,000,000 in general obligation bonds, exclusive of bonds authorized for the California water program. The addition of \$1,750,000,000 water bonds brings the total authorized bonds since 1943 to \$5,115,000,000.

THE CONTROLLER further reports that of the more than \$5 billion in general obligations bonds authorized, the actual bonded debt of the state now amounts to \$2,281,217,000 as of June 30, 1961.

(Students of state fiscal affairs will note with interest the controller's statement that the "bonded debt has more than doubled in each succeeding five-year period," since June 30, 1945.

The exact rate of increase follows: June 30, 1945, out-

News From Sacramento . . .

'Mixed Feelings' Over Bureau Change

By Henry C. MacArthur
(Capitol News Service —
Special to the Sierra Madre News)

SACRAMENTO. — When ever extensive changes are made by the State Legislature in government organization, there generally is an upheaval and period of consternation among state employees as to what's going to happen to them.

Thus, the recent change in the state's educational administration, resulting from the creation of a new Board of Trustees of California's state colleges, is resulting in some "mixed feelings," as described by one of its officials, among employees of the new board.

However, the decision of the Board of Trustees to move its headquarters to Los Angeles, won't cause as much hardship as might be suspected.

FIRST, virtually all of the approximately 40 employees in the administrative and clerical categories, are "on loan" from other state departments. Education, Finance, Public Health, and various other departments have assisted the new De have helping the new board in getting started.

All employees, officials of

standing bonds, 116,169,500; June 30, 1950, \$767,334,000, June 30, 1960, \$1,903,705,000.)

Additionally, on June 30, 1961, authorized but unissued bonds totaled \$2,515,197,000. Of this amount, Cranston says, \$320,000,000 is authorized for school building loans, \$260,000,000 for veterans' housing loans, \$150,000,000 for construction of institutions, colleges and other State buildings; \$35,196,000 for harbor improvements and small craft harbor loans, and \$1,750,000,000 for the California water program.

THE CONTROLLER estimates that "about three-fourths of the present debt is self-liquidating and the future issues of water bonds are also to be self-liquidating." General obligation bonds, as distinguished from revenue bonds, are secured by the credit of the state.

In terms of the California water program, Cranston reports that no sales of authorized bonds are anticipated before 1964.

On the other hand, speculation of fiscal experts is to the effect that the Legislature next year will place several additional bond issues before the electorate for consideration.

As a safety measure most of these, if not all, should be voted down. The State owes enough as it is, even if many of the bonds now outstanding are self-liquidating. There always the possibility that some may turn out not to be, notably the water bonds.

OUT OF THE COBWEBS

52 Years Ago This Week, Aug. 27, 1909 — House numbers as an aid to visitors, local information, vendors and the Post Office force, are in prospect for the near future years. Messrs. Yerxa, Bridle, Keys and Mead appeared on behalf of the Board of Trade at last night's meeting of the City Trustees with a request for such action.

Fred Edwards returned Saturday night from Fresno where he has been spending several months.

Mrs. S.R.G. Twycross entertained at her Ocean Park cottage one day last week for Mrs. Irving Caskey and her sister, Mrs. J. Wright and children.

Phil Carter has returned from Inyo County where he reports the fishing to be worthwhile. His stories of "the limit" of golden trout every day and one specimen 18 inches long, were calculated to make the local fisherfolk to sit up and take notice.

Aug. 21, 1941 — Reduction of the fire hazard at Orchard Camp got under way during the weekend when approximately 18 Junior Chamber of Commerce members removed and burned tons of dry leaves. Working under leadership of Fred La Lone who now has 1,300 hours of fire suppression work to his credit and who was appointed to take charge of the work by Fire Chief W. D. Richards, the boys labored steadily all day Saturday and Sunday clearing away highly inflammable growth from about the cabins. Those working through the week-end were George Grylliva, Lyle Stewart, Robert Knapp, Warner Jones, Bob Thomas, Robert Newbery, Ed Blake-man, Lawrence Doughty and Don Nelson.

Continuing its record of fine playing for the season, the Sierra Madre All-Star baseball team scored a 4 to 1 victory over the Monrovia All-Stars in a close game played at the grammar school diamond Friday evening. Kiggins, pitching for Sierra Madre, has 14 strikeouts, while Decker of Mon-

the board reported, will be given a choice as to whether they want to move to the southern city, and if not, can return to their original departments. So nobody gets fired because he won't make the move.

Normally, headquarters of state departments, boards and commissions are located in Sacramento in accordance with the definition in the Constitution that Sacramento is the "seat of government."

BUT OF LATE years, more and more departments have started maintaining their principal offices in cities other than Sacramento as a matter of convenience to themselves and to the public.

This does not appear to be in violation of the Constitution, and probably never will be held so by the State Supreme Court which itself maintains its headquarters in San Francisco, and meets only infrequently in the sumptuous chambers provided for it in the Library and Courts Building here. The chambers have been more or less waste space since the building was completed more than 40 years ago.

One of the primary reasons for the new Board of College Trustees in deciding upon Los Angeles as a headquarters appears to indicate that Sacramento, which has never gotten completely out of the horse and buggy era, is too backward in its transportation facilities to accommodate a modern Board of Trustees, which has widespread administration problems.

THE REASON as defined by officials of the board was that Los Angeles offers better transportation facilities by air, both for administrative officers to visit state colleges, and for the members of the Board of Trustees to get together for their meetings.

It was pointed out that Sacramento provides only limited air services to other sections of the state, and to some sections, none at all. Consequently, one of the factors in choosing Los Angeles was better air service.

So although Sacramento is defined as the "seat of government" in the Constitution, and this can't be changed except by vote of the people, it is still possible for new and modern departments to avoid the old-fashioned rocking chair.

Letter to The Editor

Dear Editor:

I read the comments in your Sierra Madre News that our Flag "Old Glory" should be displayed on every national holiday.

Strange such patriotic feelings should come at time of grave conditions of the world and since no business store in Sierra Madre ever did display "Old Glory" for 30 years.

The flag displayed in your doorway was the first time any owner of the Sierra Madre News office ever did so for 40 years.

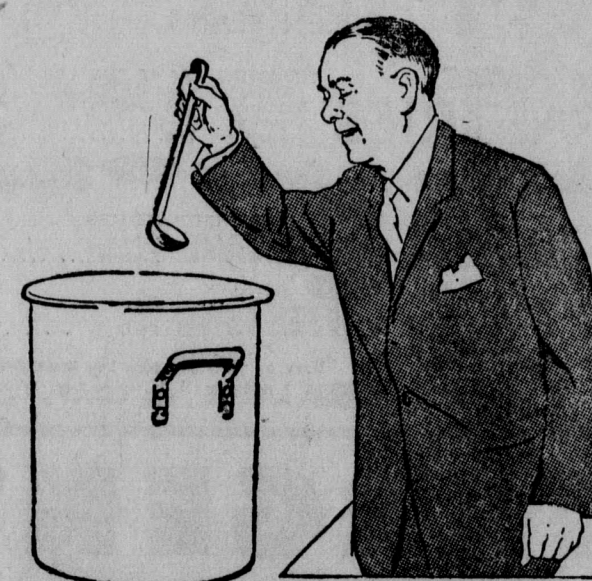

I am the only one who ever displayed Old Glory in the business section of Sierra Madre for 15 years.

I made the first post hole in the sidewalk which is opposite my store for proof of this — we now use the one made by the city; ours remains as a memory.

We displayed the Old Glory every day for five years — all through World Wars I and II, and the Korean War. "Death or Glory" — and I will always say to the end of days, "God Bless America and all its Peoples."

NOW WHY am I displaying Old Glory probably each day — because there are thousands who have never seen the beautiful 50-star layout. One old lady walked by our store, stopped and took the end of the flag on one hand to look at the glorious display of the 50-star flag, and placed her hand over the heart.

If war should come there

Youth, 17, Takes Sleeping Pills

Sierra Madre police report that William Robert Townsend, 17, giving his address as 1903 Beverly Dr., Pasadena, was discovered slumped over the wheel of his car at W. Sierra Madre Blvd.

Thursday, August 24, 1961 SIERRA MADRE NEWS—9

and Lima late Friday by Frank Burke of the Highlander, victim apparently of an overdose of sleeping pills. Young Townsend, given resuscitator treatment by Officer Leonard Carnighan, was treated at Sierra Madre Community Hospital by Dr. Charles J. Kurth, who also advised that the youth had taken an overdose of sleeping pills, a bottle of which, police report, was found on him. No reason was ascribed for his act.

Can Conceive Your Own...

Combined Fence, Shrubbery Prove Ideal For Privacy

Nothing dulls a man's enjoyment of outdoor living more than lack of privacy. Whether broiling a steak, slipping refreshment or soaking up sun, you like freedom from an intruding outside world.

You can build a fence to gain this privacy, but is a fence enough? Fences don't starkly barren. The California Association of Nurserymen recommends a combination of fence and shrubs is a much better answer. And shrubs alone often do the trick nicely.

THE IDEAL shrubbery screen is out of question for many modern landscapes. It consists of an informal planting several shrubs deep and in a variety of material to lend interest. Garden size is definitely a limiting factor with such an approach to the problem.

The straight-line planting of tall hedge material is better adapted to smaller gardens, and here the factor governing your choice is

height. Will privet grow tall enough for your needs or would the taller brush berry be better? Taller and maybe even better yet would be English laurel.

Then, too, you should consider the matter of clipping. Do you want a formal, clipped screen or not? Privet and brush berry are to be sheared, but the taller the screen the harder the job. English laurel is easily and informally confined with minor pruning.

COMBINATION of fence and plant material appeals to many, and there's no

question that the contrast of foliage and wood has eye-appeal. You can vary the density of the planting, concentrating it at the crucial spots where you would block out the view.

Victorian box and pineapple guava are excellent for use with fences, the latter giving a bonus of tangy fruit in the bargain. There are many, many good shrubs for screen planting and many ways to use them. You need only define your needs and a local CAN nurseryman can take it from there.

Mosk Places New Burdens On Employers

By Edwin Copes

SACRAMENTO — (CNS)

While California taxpayers contribute almost half of their tax dollars to education, state law and Atty. Gen. Stanley Mosk combine to make the burden worse.

This refers to a recent decision from Mosk's office which says that a school district may not require an employee, who has been receiving full salary during an illness recovery period, to endorse his Workmen's Compensation Insurance check to the district.

This means, in other words, that an employee who takes time off for illness, can receive both his full salary for a certain length of time, as well as additional money from workmen's compensation.

AND MOSK'S decision is backed to the hilt by the education code and the state labor code.

It is granted that employees of both the state and pri-

vate industry should have certain guarantees in the case of illness, and that these guarantees should build up according to the employee's length of service. State employees generally can build up 12 days a year sick leave, for which they are recompensed if it is ever taken on the basis of full salary.

But just why the law permits the employee to draw not only his sick leave salaries, but also to draw compensation insurance, which is paid for by the school districts, and in the case of private business, by the employer, still remains a question.

THE ATTORNEY general's opinion says the Industrial Accident Commission might control the duplicate payments, by making awards to go into effect after the employee has used up his sick leave. However, generally illness doesn't last that long.

The case submitted to the attorney general arose in Placer County, where a school district has been deducting the amount of Workmen's Compensation from the salary it pays employees on leave because of illness.

And the upshot of the case is that the attorney general has virtually directed Placer County to reimburse any and all employees who have had their Workmen's Compensation deducted from their sick leave salary checks!

Further, the district officials who ordered the deductions might be guilty of a misdemeanor under the labor code for making the deductions, according to the opinion, which quotes the code as saying:

"NO EMPLOYER shall exact or receive from any employee any contribution, or make or take and deduction from the earnings of any employee, either directly or indirectly, to cover the whole or part of the cost of compensation under this division. (Sick leave). Violation of this section is a misdemeanor."

Thus, the employer has no chance at all of protecting himself against additional pay for employees who are getting their wages as the result of sick leave. And if the remedy lies with the Industrial Accident Commission, then the employer would be no better off if the commission has a policy of favoring the employee rather than giving justice to all parties concerned. Perhaps the law needs some revision.

Don't trust everything to luck unless your emergency brake is in good working order.

FOR ATHLETE'S FOOT

Use instant-drying T-4-L for 3 to 5 days. Watch fresh, healthy skin replace the infection. Ease itching, swelling, perspiring in the 66 joints of the feet by bathing them with T-4-L twice daily. If not surprised and pleased, your 45c back from any drug store. NOW at Hartman Drug, Sierra Madre.

There is no cut-rate way to good health. When your health is at stake — see your family physician. If he should give you a prescription — see us. There is no cut-rate pharmacy know-how and skill. Raid Siren Test On This Friday

The last Friday of each month is Air Raid Siren Test. The test will be held this Friday, Aug. 25, 1961, at 10 a.m. The Sierra Madre office of Civil Defense reports the test signals will be run as follows:

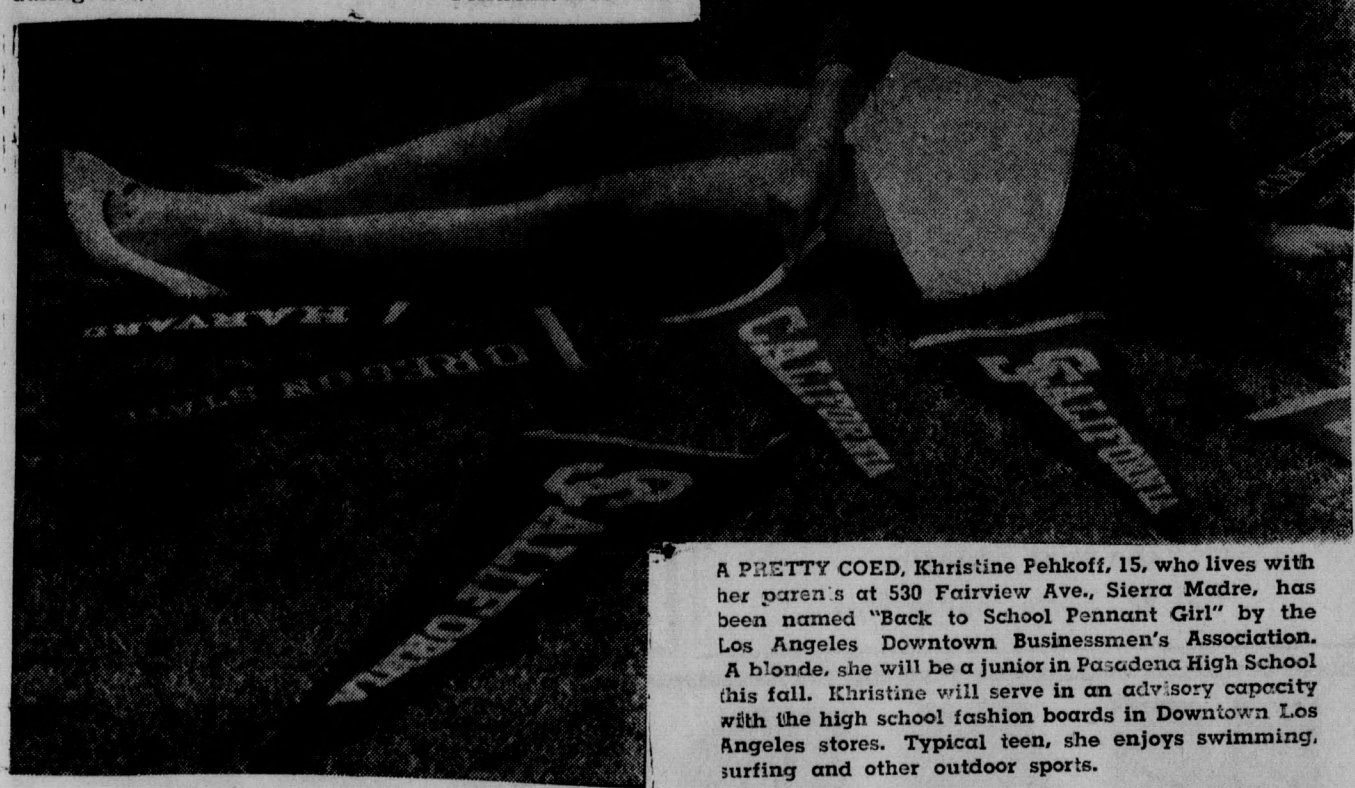

The Alert Signal.—A steady blast of three to five minutes' duration (one minute during test).

The Take Cover Signal.—A wailing tone or series of short blasts of three minutes' duration (one minute during test).

At The Very Top

While Khrushchev is pounding his shoes on the podium, threatening to unleash an atomic holocaust upon all civilization, the freedom-loving peoples elsewhere are calmly turning this problem over to the only one who can solve it—The Almighty. Churches are being filled once again—almost every church has an Easter Sunday turnout. Well, it's always a good idea to consider the hereafter, especially in these times.

—FARMER McCABE.

A PRETTY COED, Kristine Pehkoff, 15, who lives with her parents at 530 Fairview Ave., Sierra Madre, has been named "Back to School Pennant Girl" by the Los Angeles Downtown Businessmen's Association. A blonde, she will be a junior in Pasadena High School this fall. Kristine will serve in an advisory capacity with the high school fashion boards in Downtown Los Angeles stores. Typical teen, she enjoys swimming, surfing and other outdoor sports.

Fire Marshal Embree Talks On Inspection

Fire Marshal Bert Embree poses this question to the residents of the city: "Would you be willing to take 20 minutes to possibly avert a disastrous fire in your home?"

This is the approximate time it would take to have the inspector invited into your home for a specialist's recommendation on any possible fire hazards that may exist in, or around, your home.

He will point out to you the hazards that you may unknowingly be living with, and also will make recommendations on the correction of these situations. He will be able to answer any questions that you may have on home fire safety, such as "what is a good plan of escape from my second-story bedroom, and for the children?"

Or, "I do some painting of furniture in the basement. Is it safe, or what can I do to make it safe?"

These, and many more, come to the attention of Fire Chief Charles E. Brown and Marshal Embree every week, and the department is happy to answer any and all of the questions. Marshal Embree says:

"WE HAVE been asked how soon the inspectors might be coming around to my house. We have to admit that this is a large undertaking, trying to stop in at all the dwellings in the city. Because of the tremendous job ahead of us, the overall planned time schedule calls for using the whole year to complete it.

"The program will be started in several parts of town, as we expect to have two or three inspection teams working on the program. With the dry summer weather still upon us, one crew will start in the foothill area.

"It again is reminded that this is a voluntary action, as far as the inside of the homes are concerned, and the resident has to be aware of the advantages of this short time spent with the inspector.

"Statistics have proven that these simple home inspections have resulted in untold numbers of fires prevented, and lives saved. We feel it behooves the residents of this city to avail themselves of this free service, in the interests of fire safety. Remember—a fire every 30 seconds—the next one could be you."

Back in Okinawa

Marine Pfc. Dennis A. Barry, son of Mr. and Mrs. James P. Barry of 300 E. Laurel, Sierra Madre, has returned to Okinawa after extended training exercises afloat with the Seventh Fleet. He is with the Second Battalion, 12th Marines, an artillery unit of the Okinawa-based Third Marine Division.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Sierra Madre will hold a public hearing on September 21, 1961, at the hour of 8:00 o'clock p.m. in the Council Chambers of the City Hall, 55 West Sierra Madre Blvd., Sierra Madre, California, for the purpose of considering the amendment heretofore set forth to the Zoning Code of this City. The Planning Commission may approve such amendment, may modify the same, or may disapprove the same as a result of such public hearing. The amendment proposed is to amend the section hereinafter set forth as follows:

Section 9460. Permitted Uses. (33) Mortuaries. The remainder of said Section 9460 to remain as presently existing.

Interested parties may attend the hearing. Dated: August 21, 1961. BY ORDER OF THE PLANNING COMMISSION.

BEATRICE I. THOMPSON, Secretary.

Publish: August 24, 1961.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Sierra Madre will hold a public hearing on September 21, 1961, at the hour of 8:00 o'clock p.m. in the Council Chambers of the City Hall, 55 West Sierra Madre Blvd., Sierra Madre, California, for the purpose of considering the amendment heretofore set forth to the Zoning Code of this City. The Planning Commission may approve such amendment, may modify the same, or may disapprove the same as a result of such public hearing. The amendment proposed is to amend the section hereinafter set forth as follows:

Section 9425. AREA. A. The minimum required lot area shall be seventy-five hundred square feet unless otherwise designated on the zoning map.

B. When property has been classified and designated on the zoning map as R-1-9, the minimum required lot area shall be 9000 square feet.

C. When property has been classified and designated on the zoning map as R-1-11, the minimum required lot area shall be 11,000 square feet.

D. When property has been classified and designated on the zoning map as R-1-15, the minimum required lot area shall be 15,000 square feet.

E. When property has been classified and designated on the zoning map as R-1-17, the minimum required lot area shall be 17,000 square feet.

F. When property has been classified and designated on the zoning map as R-1-19, the minimum required lot area shall be 19,000 square feet.

G. When property has been classified and designated on the zoning map as R-1-21, the minimum required lot area shall be 21,000 square feet.

H. When property has been classified and designated on the zoning map as R-1-23, the minimum required lot area shall be 23,000 square feet.

I. When property has been classified and designated on the zoning map as R-1-25, the minimum required lot area shall be 25,000 square feet.

J. When property has been classified and designated on the zoning map as R-1-27, the minimum required lot area shall be 27,000 square feet.

K. When property has been classified and designated on the zoning map as R-1-29, the minimum required lot area shall be 29,000 square feet.

L. When property has been classified and designated on the zoning map as R-1-31, the minimum required lot area shall be 31,000 square feet.

M. When property has been classified and designated on the zoning map as R-1-33, the minimum required lot area shall be 33,000 square feet.

N. When property has been classified and designated on the zoning map as R-1-35, the minimum required lot area shall be 35,000 square feet.

O. When property has been classified and designated on the zoning map as R-1-37, the minimum required lot area shall be 37,000 square feet.

P. When property has been classified and designated on the zoning map as R-1-39, the minimum required lot area shall be 39,000 square feet.

Q. When property has been classified and designated on the zoning map as R-1-41, the minimum required lot area shall be 41,000 square feet.

R. When property has been classified and designated on the zoning map as R-1-43, the minimum required lot area shall be 43,000 square feet.

S. When property has been classified and designated on the zoning map as R-1-45, the minimum required lot area shall be 45,000 square feet.

T. When property has been classified and designated on the zoning map as R-1-47, the minimum required lot area shall be 47,000 square feet.

U. When property has been classified and designated on the zoning map as R-1-49, the minimum required lot area shall be 49,000 square feet.

V. When property has been classified and designated on the zoning map as R-1-51, the minimum required lot area shall be 51,000 square feet.

W. When property has been classified and designated on the zoning map as R-1-53, the minimum required lot area shall be 53,000 square feet.

X. When property has been classified and designated on the zoning map as R-1-55, the minimum required lot area shall be 55,000 square feet.

Y. When property has been classified and designated on the zoning map as R-1-57, the minimum required lot area shall be 57,000 square feet.

Z. When property has been classified and designated on the zoning map as R-1-59, the minimum required lot area shall be 59,000 square feet.

AA. When property has been classified and designated on the zoning map as R-1-61, the minimum required lot area shall be 61,000 square feet.

AB. When property has been classified and designated on the zoning map as R-1-63, the minimum required lot area shall be 63,000 square feet.

AC. When property has been classified and designated on the zoning map as R-1-65, the minimum required lot area shall be 65,000 square feet.

AD. When property has been classified and designated on the zoning map as R-1-67, the minimum required lot area shall be 67,000 square feet.

AE. When property has been classified and designated on the zoning map as R-1-69, the minimum required lot area shall be 69,000 square feet.

AF. When property has been classified and designated on the zoning map as R-1-71, the minimum required lot area shall be 71,000 square feet.

AG. When property has been classified and designated on the zoning map as R-1-73, the minimum required lot area shall be 73,000 square feet.

AH. When property has been classified and designated on the zoning map as R-1-75, the minimum required lot area shall be 75,000 square feet.

AI. When property has been classified and designated on the zoning map as R-1-77, the minimum required lot area shall be 77,000 square feet.

AJ. When property has been classified and designated on the zoning map as R-1-79, the minimum required lot area shall be 79,000 square feet.

AK. When property has been classified and designated on the zoning map as R-1-81, the minimum required lot area shall be 81,000 square feet.

AL. When property has been classified and designated on the zoning map as R-1-83, the minimum required lot area shall be 83,000 square feet.

AM. When property has been classified and designated on the zoning map as R-1-85, the minimum required lot area shall be 85,000 square feet.

AN. When property has been classified and designated on the zoning map as R-1-87, the minimum required lot area shall be 87,000 square feet.

AO. When property has been classified and designated on the zoning map as R-1-89, the minimum required lot area shall be 89,000 square feet.

AP. When property has been classified and designated on the zoning map as R-1-91, the minimum required lot area shall be 91,000 square feet.

AQ. When property has been classified and designated on the zoning map as R-1-93, the minimum required lot area shall be 93,000 square feet.

AR. When property has been classified and designated on the zoning map as R-1-95, the minimum required lot area shall be 95,000 square feet.

AS. When property has been classified and designated on the zoning map as R-1-97, the minimum required lot area shall be 97,000 square feet.

AT. When property has been classified and designated on the zoning map as R-1-99, the minimum required lot area shall be 99,000 square feet.

AU. When property has been classified and designated on the zoning map as R-1-101, the minimum required lot area shall be 101,000 square feet.

AV. When property has been classified and designated on the zoning map as R-1-103, the minimum required lot area shall be 103,000 square feet.

AW. When property has been classified and designated on the zoning map as R-1-105, the minimum required lot area shall be 105,000 square feet.

AX. When property has been classified and designated on the zoning map as R-1-107, the minimum required lot area shall be 107,000 square feet.

AY. When property has been classified and designated on the zoning map as R-1-109, the minimum required lot area shall be 109,000 square feet.

AZ. When property has been classified and designated on the zoning map as R-1-111, the minimum required lot area shall be 111,000 square feet.

BA. When property has been classified and designated on the zoning map as R-1-113, the minimum required lot area shall be 113,000 square feet.

BB. When property has been classified and designated on the zoning map as R-1-115, the minimum required lot area shall be 115,000 square feet.

BC. When property has been classified and designated on the zoning map as R-1-117, the minimum required lot area shall be 117,000 square feet.

Intermediate Residential Zone of 9,000 Feet Before City Planning Commission

The Sierra Madre Planning Commission, under leadership of its new chairman, Harold G. Petz, will constitute itself a committee to study possible creation of a new intermediate residential zone, possibly of 9,000 square feet, with a 70-foot frontage.

Discussion along this line marked the commission's monthly meeting last Thursday night, in which the difference between R-1 (7,500 square feet) and R-1-11 (11,200 square feet) was pointed out as too wide-spread.

The committee will consider this subject at an open meeting scheduled for Aug. 31.

THE COMMISSION denied the proposed Carter lot split which would create two lots from portions of lots 8, 9 and 10 on proposed Tract No. 24745 and a portion of land directly west of Tract 21644 in the area of Wistaria Way. An appeal will be taken to City Council.

Conditional approval was given to Tract 24397 following submission of a revised tentative map by Henry V. McNulty, real estate broker. Council at its last meeting had turned down McNulty's original proposal.

PUBLIC HEARING on proposed lot sizes for mortuaries was continued until the September meeting. Recently it was discovered that there never had been any fixed lot sizes for such institutions.

Also continued was the question of home occupations projected into the lime-light weeks ago by W. Bonita residents when an attempt was made to install a small home occupation factory in that area. Later, this move was abandoned.

Mrs. H. White Passes Away In Eastern Home

The many friends of Mrs. Howell White will be saddened to learn of her passing on Sunday, Aug. 20 in New Haven, Conn., where Howell, Mabel and family have been making their home since leaving Sierra Madre some years ago.

Both Mr. and Mrs. White

were active in the Nursery School's early PTA. It was only a week ago that this paper announced the passing of Mr. White's mother, Eleanor D. White, of Lakeville, Conn.

Services for Mrs. White will be held Thursday, Aug. 24 at 2 p.m. at St. Paul's Church, Episcopal, New Haven, Conn.
